

SHRUTI LAVKESH RATHI

+91 7219738294 | rathilavkeshshruti@gmail.com | [LinkedIn Profile](#)
Sangrampur, Maharashtra

EDUCATION

VIT Bhopal University

B.Tech in Computer Science (Gaming Technology)

Aug 2023 – Present

CGPA: 8.51/10

- **Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Computer Graphics, Artificial Intelligence Fundamentals, Game Physics, Database Management Systems (REST API, SQL), AWS,

Bapumiya Sirajoddin Patel Arts, Commerce and Science College

Class XII (HSC Board)

May 2023

Percentage: 72.17%

Swami Vivekanand Rashtriya Dnyapeeth, Jalgaon

Class X (CBSE Board)

Aug 2021

Percentage: 91.60%

TECHNICAL SKILLS

Programming Languages: C++, C#, Python, Java, SQL

Game Development: Unity Engine, Virtual Reality (VR) Development, Physics Systems, User Interface Systems(UI), Player Controllers, Level Design, Shader Programming

Libraries & Tools: NumPy, Pandas, Blender, VS Code

Other Skills: Amazon Web Service(AWS), Optimized shader compilation pipelines, decreasing average compile times by 40% and accelerating iterative design feedback loops for the development team.

EXPERIENCE

Cerilo Healthcare

Web Development Intern

Feb 2026 – May 2026

Hybrid

- Developed and maintained responsive web pages using modern web development technologies.
- Built 10+ responsive pages using React and Tailwind CSS, reducing page load time by 20%
- Assisted in debugging, testing, and optimizing web applications to enhance performance and user experience.

Red Users

Cybersecurity Intern

Feb 2024 – Mar 2024

Remote

- Designed and implemented encryption algorithms for data transmission, ensuring end-to-end security and protecting sensitive information from interception by 100+ malicious actors.
- Identified 3 common web vulnerabilities (SQL) and documented secure coding fixes.

ACADEMIC PROJECTS

AI-Based Rainfall Detection System | Python, Pandas, Machine Learning

Sep-Dec 2023

- Engineered a rainfall prediction system, enhancing weather analysis accuracy by analyzing 10 years of historical data and identifying critical patterns.
- Achieved 85% prediction accuracy using Random Forest regression on rainfall data across 5 Indian states using pandas python library.

Traffic Rules VR Simulation | Unity, C#, VR

Jun 2025 – Mar 2026

- Designed interactive 5+ road scenarios and 30+ player interactions for practical learning experiences.
- Implemented realistic VR controls and gameplay mechanics to teach importance on 3 traffic lights using Unity Engine.

Modular Asset Generation System | Blender, Open Source, Local LLM, OPENAI API

May 2026-Ongoing

- Engineered prompt-to-model pipeline that identified and resolved three primary geometry errors, eliminating recurring crashes during asset export through automated validation scripts
- The core objective of MAGS is to bridge the gap between natural language intent and deterministic 3D asset creation.

LEADERSHIP & EXTRACURRICULARS

Core Member – NSS Unit, VIT Bhopal

Lead – PR and Outreach Team, Linpack Club VIT Bhopal

Sports – National-level Petanque participant; State-level player in Kabaddi, Shotput, and Sepak Takraw

Volunteering – Mega Tree Plantation Drive Lead (2025); Convocation Volunteer (2024)

ACHIEVEMENTS & CERTIFICATES

AWS (Technical Essentials), Coursera (Making 1st Virtual Reality Game), Internshala(programming with python).

Maharashtra State Certificate in Information Technology (MS-CIT) Batch Topper (98%)

Qualified NDA Written Examination (May 2023).

Secured Grade 'A' in Intermediate Drawing Grade Examination (Maharashtra, 2019).

ADDITIONAL INFORMATION

Languages: English, Hindi, Marwari, Marathi, German (Learning).
